

Through the Waterfall - Cataract Post-op Care

3-point CPD Event for Optometrists

Thursday 30th March 2023 | 18:30 – 21:00

Newmedica Bristol would like to invite you to participate in our upcoming 3-point CPD event which will be held at:

**Newmedica Bristol,
720 Waterside Drive,
Aztec West
Bristol,
BS32 4UD**

This will be an interactive discussion workshop session covering the topic of 'Through the waterfall' Cataract post-op care.

Post-operative assessment of cataract surgical patients by a community-based optometrist is becoming more common in multidisciplinary cataract pathways. Optometrists need to be aware of the examination results associated with a normal recovery, what complications may occur, how to detect them and what complications need referral back to the surgeon as well as the urgency of the referral.

This interactive session will discuss the post-operative optometric assessment of cataract patients, complications and their management.

Timings:

18:30 The doors will be open for registration, welcome drinks, buffet and tour of the new facilities.

19:15 Event will commence with an introduction to Newmedica Bristol led by Julian Phillips, Operational Director, followed by the CPD session presented by Mr Will Sheehan, Clinical Director and Consultant Ophthalmologist,

The event will conclude by 21:00

Seats are limited, so please book your place promptly [HERE](#)
