

'Seeing through the fog' One Patient's Journey with cataracts 3-point peer review CPD event for Optometrists Thursday 27th April 2023 | 18:30 – 20:45

Newmedica Bristol would like to invite you to participate in our upcoming 3-point peer review CPD event which will be held at:

**Holiday Inn Cardiff City Centre,
Castle Street,
Cardiff,
CF10 1XD,**

This will be an interactive peer review session covering the topic of **'Seeing through the fog. One patient's journey with cataracts.'**

This interactive peer discussion considers one patient's journey with the most common age-related eye condition: Cataracts.

Dealing with many aspects of modern cataract pathways, this session will encourage delegates to discuss examination techniques, management and timely referral of a patient who develops cataracts over time whilst challenging their understanding of communicating in a patient-centred way.

Comparison of regional variations of cataract service provision will also help to appreciate some of the difficulties our patients face to access care.

Timings:

18:30 – For registration, welcome, drink and buffet

19:00 - The event commences with an introduction to Newmedica Bristol led by Julian Phillips, Operational Director and Partner followed by the CPD session presented by Consultant Ophthalmologist and Clinical Partner, Mr Will Sheehan.

20:45 - The event will conclude. Seats are limited so register your place promptly [HERE](#)
If you have any queries or need booking assistance, please do not hesitate to contact us by emailing:

jennifer.lewis@newmedica.co.uk

We look forward to catching up with you all at the event.

Mr Will Sheehan
Consultant Ophthalmologist
and Clinical Partner

Julian Phillips
Operational Director
