'It makes me remember why I decided to become an Optometrist. I wanted to make a difference and I feel I am doing that at VCHP.'

'Best day's work you'll ever do!'

Helping people see a brighter future!

**VISION CARE**  
FOR HOMELESS PEOPLE

# We are a charity providing free eye tests and glasses to people experiencing homelessness or without means

Help us provide eye care to people experiencing homelessness. Volunteer at one of our clinics. Our clinics operate like any other optician's clinic, except it is run by volunteers for those who are unable to access conventional high street care. To provide this service our clinics need volunteers to undertake the following roles:

- **Optometrist**
- **Dispensing Optician**
- **Clinic Assistant**
- **Clinic Manager**
- **Home-based clinic support**
- **Local Team Lead**
- **Local Partnerships Coordinator**

Most of our volunteers offer around 4-6 hours a month. Could you spare this time? If you have a skill or interest let's use it to put a smile on the face of someone who needs our service.

Scan the QR code below to find out more about volunteering opportunities at one of our clinics or visit [www.vchp.org.uk](http://www.vchp.org.uk).

We'd love to hear from you!
